

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 280.

BRAINERD, MINN., TUESDAY, MAY 1, 1906

PRICE TWO CENTS

FOOD SUPPLY SHORT

PEOPLE OF SAN FRANCISCO ARE
ALARMED AT PROSPECTS
OF A FAMINE.

SUPPLIES FOR TWENTY DAYS

AND ONLY A HUNDRED CARLOADS
MORE ON THE WAY TO THE
STRICKEN CITY.

San Francisco, May 1.—A feeling akin to consternation was created at the meeting of the general municipal committee during the day when Mayor Schmitz stated that the city faced a shortage in the food supply. It had been the popular belief, and that of many officials also, that San Francisco had been placed in a position above want for a long time to come and the mayor's declaration came as a painful surprise.

Mayor Schmitz said 700 carloads of food and supplies have been distributed since the morning of the earthquake and the Southern Pacific, the Santa Fe and other lines had information of only 108 cars on the way.

Basing his calculations upon reports received within the past twenty-four hours General Greely stated that the available food supply, including shipments on hand and those en route, would be sufficient for the present population for fifteen days. This reckoning is made upon the rate at which supplies have been consumed since the fire. Under the army ration system that will prevail, however, General Greely stated his belief that the food will last twenty-one days.

Another Serious Problem.

"Within the next twelve hours," said General Greely, "we shall be obliged to deal with another vigorous problem—the question of feeding able bodied male adults. The difficulty will be to distinguish between clerks, stenographers, music teachers and others who are actually unable to return an equivalent for a day's wages at hard labor. Men who are able to work will have to find occupation as fast as it is possible."

It was decided that relief work at Oakland shall be placed under military directions similar to that in vogue here. Oakland has been obliged to feed and house thousands of unfortunate and it is stated that the same misuse of food by unscrupulous and mercenary persons has been unearthed there.

An unfortunate happening during the day was the destruction of a number of houses in the saved section on Van Ness avenue. The blasting gang in order to blow up the unusually solid facade of the Concordia club was obliged to use a large quantity of dynamite. As a result of the tremendous explosions, four houses on the other side of the thoroughfare were wrecked, but no person was injured, as warnings of the explosion had been sent through the neighborhood.

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Gold Seal root, Bloodroot, Stone root, Mandrake root, and Quince's root, all of which are highly praised as remedies for all the above mentioned afflictions by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hale, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach and liver, bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is concentrated glycerine extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

No Reply From Taft.

Chairman Phelan of the committee on finance said he had as yet received no reply to his telegram to Secretary Taft asking what the relief committee might expect out of the \$2,500,000 appropriated by congress. In the absence of such a reply, he assumes that this money will be available.

He had information, however, that the \$200,000 transmitted Saturday by Secretary Taft was given by him as president of the National Red Cross.

Signs of renewed industrial activity are apparent in many parts of the burned districts and the work of clearing away debris preparatory to rebuilding is in progress in a score of places. It is said that plans for thirty large buildings have been drawn and will be submitted after new building laws are promulgated.

The mayor notified the board of supervisors that he would appoint a committee consisting of engineers, architects, builders and lawyers to prepare plans for reconstructing the city. Street car lines are being extended in all directions and the United Railways has promised to give the people within a short time a better system of transit than that which existed before the fire.

Returning to Normal Conditions.

Shipping is rapidly returning to normal conditions. The Pacific Coast Steamship will hereafter run all its steamers on schedules in force before the disaster. According to the Merchants' Exchange, the usual number of vessels are arriving. Naturally, however, there are many idle vessels in the harbor because of the lack of cargo. Numerous ships are leaving in ballast for the lumber ports, and soon heavily laden lumber carriers will be coming here in fleets.

The regulation against taking out foodstuffs is still in force and the steamship Alameda, which sailed for Honolulu, carried little besides machinery and hardware.

The Mongolia will soon sail with a similar cargo, going direct to China. The China, which is to leave May 5, will touch at Honolulu.

Among the arrivals during the day was the steamship Curacao from Mazatlan, with a miscellaneous cargo. She brought little in the way of foodstuffs.

The first Australian mail since the earthquake is now due on the Ventura.

COUNT WITTE IS OUT

CEZAR OF RUSSIA FINALLY ACCEPTS THE RESIGNATION OF THE PREMIER.

St. Petersburg, May 1.—A member of Count Witte's family says that the emperor had accepted Witte's resignation as premier.

St. Petersburg, May 1.—While the Associated Press is unable to confirm absolutely the story that Emperor Nicholas has accepted Premier Witte's resignation, it can be affirmed that Count Witte has again asked the emperor to choose between him and Interior Minister Durnovo. The correspondent of the Associated Press called during the evening at the premier's residence in the Winter palace, Count Witte was dining out and M. Voutch, the chief of the chancellery, was suspiciously evasive when questioned regarding the report.

"I can say nothing," was all he would say.

Rumors of Count Witte's retirement, coupled with the assertion that the emperor would appoint him president of the council of the empire, have been current since Saturday. But they have been put in circulation so frequently that they have attracted little attention, especially in view of the fact that Count Witte was believed to have definitely dethroned his rival, M. Durnovo. It appears, however, that Premier Witte's enemies have been only shamming until the loan negotiations could be finished and that with the consummation of the loan the court intrigue for the overthrow of the premier was resumed.

One of the chief points of Count Witte's strength was the emperor's firm belief that no financial aid would be given Russia by foreign bankers if the premier retired. With the loan made, Count Witte's enemies instantly set to work to convince Emperor Nicholas that Witte's usefulness was ended.

The Associated Press is in a position to state that Count Witte is utterly disgusted with the turn of events, especially with the possibility that the emperor might not redeem his promise to dismiss Minister Durnovo before the assembling of parliament, and that within a few days the premier offered the emperor the alternative of Durnovo or himself. According to the story Emperor Nicholas is lending his ear to Premier Witte's foes, but instead of permitting him to drop out of public life wants him to accept the presidency of the council of the empire, a position of dignity, but, like the one he occupied when Piehve unhooked him in 1903, without power.

Muenter Not in Los Angeles.

Los Angeles, Cal., May 1.—Erich Muenter, the Cambridge professor wanted in the East in connection with the sudden death of his wife and who was thought to have come to Los Angeles, is not at the home of his mother, twenty miles from this city. Investigation disclosed that he had not been there and nothing could be learned of his present whereabouts.

ON THE AMENDMENTS

SENATE WILL BEGIN VOTING ON THOSE TO THE RATE MEASURE NEXT FRIDAY.

CANNOT BE LONG DEFERRED

GENERAL IMPRESSION IS THAT FINAL VOTE ON THE BILL WILL SOON OCCUR.

Washington, May 1.—The senate will begin voting on the amendments to the railroad rate bill on Friday, May 4. An agreement to that effect was reached Friday but it proved impossible so to extend the understanding as to have it include the fixing of a date for taking a final vote on the bill as a whole. Mr. Tillman first proposed a final vote on May 9 and Mr. Morgan was the only senator to make objection. His opposition was sufficient, to frustrate the design and the next most feasible course, the disposition of amendments, was decided upon. The general impression among senators is that the final vote will be reached within a week from the time of the beginning of the consideration of amendments.

Most of the time of the senate during the day was devoted to listening to a speech by Mr. Clark of Arkansas, in which he criticised the pending rate bill as ineffectual to remedy existing conditions.

FREE DISTRIBUTION OF SEEDS.

Many House Members Desire the Practice Continued.

Washington, May 1.—The major portion of the legislative session of the house was given over to the consideration of the agricultural appropriation bill and incident thereto the free distribution of seeds, which the bill does not provide for but which many members desire to be restored to the bill.

Immediately after the approval of the journal Mr. Olmsted of Pennsylvania presented a resolution of thanks on behalf of the people of the United States to General Horace Porter, late ambassador to France, for his untiring efforts to discover and disinter the body of John Paul Jones. The resolution was unanimously adopted with a further resolution that General Porter's speech recently delivered at Annapolis on the occasion of the interment of the body of America's first admiral should be printed in the Congressional Record and made a congressional document.

Eighteen pages of the agricultural appropriation bill were considered and perfected. The debate on the question of free seeds will be resumed early in the week and a vote is soon expected on the amendment to insert an appropriation of \$90,000 for the purchase and distribution of "rare and unusual seeds."

FOUR BODIES RECOVERED.

Taken From Wreck of a Train in Montana.

Missoula, Mont., May 1.—Four bodies were taken from the Northern Pacific wreck on Evans hill during the day. Owing to the fire which burned the forty cars none of the remains can be identified. The bones are supposed to be those of Engineer L. D. Sterne, Fireman Ed Julieret and two others.

Brakeman G. A. Murphy, who was injured, is still undiscovered. The tramps who are being cared for at the Northern Pacific hospital state that they had seven or eight companions on the train. There is no trace of these men.

IN FAREWELL AUDIENCE.

Archbishop Ireland of St. Paul Received by the Pope.

Rome, May 1.—The pope during the day received Archbishop Ireland of St. Paul, Minn., in farewell audience, referred most cordially to the archbishop's sojourn in Rome and expressed the pleasure he felt in meeting him. The pontiff added that he would follow with affectionate interest his work at St. Paul, especially in the erection of the cathedral there.

On the suggestion of Archbishop Ireland, the pope appointed the Revs. T. C. Kennedy of Belle Plaine, Minn., Alois Plat of Shakopee, Minn., and Dominic Major of St. Paul, prelates of the papal household.

Muenter Not in Los Angeles.

Los Angeles, Cal., May 1.—Erich Muenter, the Cambridge professor wanted in the East in connection with the sudden death of his wife and who was thought to have come to Los Angeles, is not at the home of his mother, twenty miles from this city. Investigation disclosed that he had not been there and nothing could be learned of his present whereabouts.

VESSEL MEN ON STRIKE.

Leave Ships at Several Ports on the Great Lakes.

Detroit, May 1.—Telegrams received by President William Livingstone of the Lake Carriers' association announced that a number of mates had left their vessels at Buffalo and Chicago. The strike of mates, firemen, grain scopers and dock workers was fixed for midnight but vessel owners in many instances took the initiative and demanded to know the intentions of their mates, resulting that a number left the vessel at once.

Buffalo, N. Y., May 1.—At midnight 6,000 men, every member of the longshoremen's union in this port, went on strike in accordance with orders from President Daniel J. Keefe.

It is said here that every port on the Great Lakes will be affected by the strike and that lake commerce will be tied up with one of the biggest strikes in years.

Strike on at Cleveland.

Cleveland, May 1.—The order of President Keefe of the longshoremen's union for a suspension of work was received by longshoremen and marine transport workers here and at midnight the men obeyed, work on the docks being suspended.

TORNADO IN NEBRASKA.

Several Persons Injured and Much Property Damaged.

Oxford, Neb., May 1.—A tornado did much damage in Furnas county during the evening. Telegraph and telephone wires are down and only meager reports have been obtained, but it is known that several residences were wrecked and a number of persons injured. No fatalities have been reported.

The storm came from the southwest and the first house struck was that of John Reynolds, about five miles west of Oxford. This was destroyed, but the inmates escaped serious injury. The homes of Fred Hartman and Fred Drews were next demolished. Here the people were not so fortunate, nearly all being more or less hurt and Bertha Hartman received injuries from which recovery is doubtful. The residences of Fred Lcos and T. J. Cook were wrecked, as were the schoolhouses in the Buffalo and Morningview districts, besides scores of barns and other farm buildings.

IN SOFT COAL REGION.

Thousands of Men Are Involved in a Strike.

Punxutawney, Pa., May 1.—By resolutions passed at mass meetings held during the day, a strike is on in the soft coal region of Clearfield. Several thousand men are involved. The operators offered the scale of 1903, but the miners held out for recognition of the union and the collection of the check price offered by the operators.

The mass meetings were held at this place, at Reynoldsville and Rossiter.

An attempt will be made to work the various mines. It is said a number of men are ready to return regardless of the action of the union. The Berwind-White mine at Horatio and the Kurtz and Rinn mines at Dayton are being operated without trouble and the Kurtz and Rinn mines at Halier have started with half force. There is no disorder in the district.

AMERICAN ATHLETES WIN.

Capture Events in the International Contests at Athens.

Athens, May 1.—American athletes again had a day of remarkable success. Pilgrim, Lightbody, Friend, Leavitt and Bonhag shared the honors. The American team is considered here as being probably the best all around combination in the world.

The first event, the 400-meter race, was won by Paul H. Pilgrim, Pastime A. C. Another fine race, 1,500-meters, was won by James Lightbody, University of Chicago. In the 1,500-meter walking match, George N. Bonhag, Irish-American A. C., won.

EXCURSION STEAMER SINKS.

Three Members of the Crew and One Passenger Drowned.

Guernsey, Channel Islands, May 1.—The passenger steamer Courier, with a crew of nine men and carrying about twenty excursionists, foundered during the day off Sark island soon after leaving there and sank immediately. Three members of the crew and one passenger were lost, the others being rescued. The steamer struck a submerged rock two miles from Sark.

Besides those known to be drowned, several are missing.

MANY PULAJANES KILLED.

American Troops and Natives Fight in Samar.

Manila, May 1.—Detachments of federal troops while scouting Monday in the Garidara valley on the island of Samar encountered several bands of Pulajanes. In the engagements that followed many Pulajanes were killed and their supplies destroyed. There were no casualties among the troops.

H. F. MICHAEL CO'S Daily Store News

Silk Petticoat Bargains.

We buy for cash, sell for cash and as a result can give you bargains frequently which are exceptionally good. You must always bear in mind that our merchandise is of the highest quality. This fact adds to the value of our offerings. These prices make the petticoat far cheaper than you can make them.

Black Silk Petticoats—Good full skirt with a 9 inch flounce which is neatly strapped. Also made with a dust ruffle. Splendid \$4.29

Sampson Silk Petticoat—This skirt is guaranteed for two season's wear. Not another quality of silk to equal them in wear. Made full and well trimmed. \$7.98

Sampson Silk Petticoat—made as full and as well as you will want it made. This quality is a splendid value at \$8.50. For a few days at \$7.48

Our special numbers—Light or dark grey or blue silk petticoats, twelve inch flounce, very neatly trimmed. Silk is a very good quality.....\$6.00

McCall's Patterns

June fashion sheets and patterns now in.

ANTHRACITE REGIONS QUIET.

Riot at Mount Carmel the Only Disturbance Reported.

Philadelphia, May 1.—With the exception of a riot at Mount Carmel, where nearly a score of men were shot in a clash between a detail of the new state police and a mob of foreign mine workers, the beginning of the fifth week of the suspension of work found the anthracite regions quiet. At numerous places attempts were made to cut coal, but these efforts in most cases proved fruitless and consequently little coal was sent to the surface.

Several of the large coal companies are making every effort to get some of their collieries in operation and mining officials express the belief that by the end of the week a large number of men will have returned to work.

An attempt will be made to work the various mines. It is said a number of men are ready to return regardless of the action of the union. The Berwind-White mine at Horatio and the Kurtz and R

LOCAL NEWS NOTES.

John Conant came in from the east today.

Geo. Kirk, of Bemidji, was in the city last night.

Phil Tardy went to Northome and Ripple today.

Mrs. W. E. Grand, of Southeast Brainerd, is seriously sick.

Father Lynch went to Aitkin today and expects to return tonight.

G. M. Alger, of Fort Dodge, Iowa, was in the city today on business.

Mrs. V. F. Rounds went to Staples today to visit friends for a few days.

W. K. and O. J. McNair, of Cloquet, were in the city today on business.

R. J. Maghan and A. Maghan, of Bay lake, were in the city today on business.

The Degree of Honor give a dance at Elks' hall tonight. All are invited to attend.

Justus Gray went to St. Paul on business today. He expects to be absent several days.

The ladies' chorus of the Musical club will practice tonight at the home of Mrs. Patek.

Geo. Keene is improving the lots around his residence very materially by grading them up.

C. B. Andrews, state fire warden, was in the city today, accompanied by A. B. Green, of St. Paul.

Mr. and Mrs. J. O'Malley, of Aitkin, passed through the city today on their way home from Walker.

Wm. Nelson began the work of assessing the real and personal property of the city of Brainerd today.

Mrs. D. E. Walker, of Spokane, who has been visiting at the home of D. W. Smiley, went to Staples today.

J. A. Nichols, of the Nichols Lumber company, of Little Falls, passed through here today on his way to Duluth.

Alexander Cardle visited his brother, P. A. Cardle today and went to Walker to look up a location for a barber shop.

Frank McKay, of Aitkin, came down last night and started out by team today to look after the Pine river drive.

Mrs. Dr. Morrison, of Bemidji, passed through here today en route home from a visit to her old home at Cedar Rapids, Iowa.

W. H. Onstine succeeded in getting excused from federal jury duty at Ferguson Falls, so did not have to go last night.

Mrs. Sherman, of St. Paul, visited Mrs. Louis Hohman Sr., over Sunday, departing today for Portland, Oregon, to visit a son.

Mr. Crocker, of the firm of Crowell & Crocker, of Minneapolis, lumberman, passed through the city today, en route to Pine River.

Robert Mahanna, of Minneapolis, bookkeeper for the Northland Pine

company, passed through here today en route to Walker.

The Ladies' Auxiliary of the A. O. of H., will give a dancing party at Columbia hall, Wednesday evening, May 2. All are invited to attend.

The Ladies' Aid society of the People's Congregational church will meet with Mrs. H. T. Skinner, 422 4th avenue N. E., tomorrow afternoon.

True to traditions it rained May Day. A May Day without rain would be as unnatural as an Easter without eggs or a Fourth of July without noise.

D. M. Rudd and family, of Dow City, Iowa, arrived here today and will move onto a farm purchased by him about three miles northwest of Brainerd.

J. C. Smith, of Bemidji, passed through the city today on his way home from Minneapolis where he had been to have a cataract taken from his eye.

A. Johnson, a missionary from Alaska will speak at the Swedish Mission church Friday evening, May 4th, at 8 o'clock. All are invited to be present.

F. W. Wieland has been subpoenaed to appear at Winona, Minn., Tuesday, May 15, for federal jury duty. Brainerd men seem to be drawing lots of prizes this spring in that line.

James Cullen is having his building on Front street formerly occupied by W. R. Hawkins, overhauled and fitted up and P. E. McCabe, of the Last Turn saloon will occupy it as a saloon.

Mrs. Thos. Beare entertained a few friends today at the Ransford in honor of her guest, Mrs. C. C. Gowran, of Grand Forks. 500 was indulged in and light refreshments were served.

Br. E. C. Clemens, D. D., will preach at the M. E. church, at Deerwood Sunday May 6, at 8 p. m. He will administer the Lord's supper and hold the third quarterly conference. All are cordially invited to attend.

Henry Spaulding is shipping a car of household goods to his summer cottage at Hubert where the family expects to live the entire summer. Mr. and Mrs. Bert Parker will continue to reside in the Spaulding residence.

Miss Marie F. Lawrence, a recent graduate of the Duluth Business University and who was in the city to spend Sunday at the home of her parents, left for Eveleth today to accept a position as stenographer.

The open season for pike and other game fish, with the exception of bass,—commences today and the fishermen are braving weather in considerable numbers. The open season for bass commences the 30th of May, Decoration day.

A. H. Everett has a crew of men at work moving the Seelye house onto the foundation prepared for it between the residences of Dr. Thabes and E. O. Webb. Dr. Thabes will fit it up for his own occupancy and rent the house he now occupies.

A. H. Everett went to Minneapolis today to attend a meeting of the Martin Shear & Clipper Co. of which he is still a director. Though Mr. Everett has made a sale of his interests no money has been paid him as yet and he is going down to look after his interests.

The open meeting of the Ladies' Musical club, of Brainerd, will take place at Elks' hall Friday evening May 4. Each member has the privilege of inviting two guests. If members wish to invite more than two guests they may do so on payment of 50 cents each. Members are required to show their membership tickets at the door. Program begins at 8:15.

About 150 friends of the groom gathered last night at the home of P. D. O'Brien to extend a welcome to Edward McClary and his bride. The house was handsomely decorated in pink with pink carnations predominating. The

Misses McClary assisted in receiving the guests. A large number of handsome presents were received from the many friends of Mr. McClary.

J. C. Congdon has received a letter from his brother Engineer Congdon who is running out of Sacramento, stating that the latter's son Walter, was in the city of San Jose, where much damage was done, but escaped injury. The letter also states that H. J. Small, superintendent of motive power on the Southern Pacific and a former superintendent of the shops here and Mayor of Brainerd, was stopped and compelled to work an hour helping to clear the streets of San Francisco.

The Dispatch has received identical letters from A. McGlaughlin and C. V. Wadham, former residents of Brainerd, but now at Spokane, advertising the advantages of that city. They are members of the 150,000 club of Spokane, which is organized for the purpose of increasing the population of that city from 80,000 to 150,000 in the next five years. They report all Brainerdites in Spokane as doing well, of course. The scheme is a good one and might be of avail in Brainerd. The object is not to urge an influx of working people, but rather to get foreign capital interested in the city. They especially refer to the cheap water power there.

Soothes itching skin. Heals cuts or burns without a scar. Cures piles, eczema, salt rheum, any itching. Doan's Ointment. Your druggist sell it.

Mohammedan Sects.

Mohammedans divide themselves into two principal sects—Shiah and Sunni, the Persians representing the bulk of the former, the Turks of the latter. The chief points on which they differ are the condition of the soul after death and the succession of caliphs. "The Sunni belief is that there is one immortal God, whose works are without beginning or end, and that he will be visible to the souls of the blessed, while the Shias deny the immortality of the soul and maintain that the co-existent principles of Zoroaster will forever contend for the mastery." With regard to the prophet's successors, the Sunnis claim that the lawful successor of Mohammed was Abu Bekr and after him Omar, Osman and Ali, nephew and son-in-law of Mohammed. The Shias, however, reject the first three and hold that Ali was the only legitimate successor. Shias pray but three times a day and enjoin pilgrimages to Nejef, Kerbela, Kazimain, Meshed (Persia), Samara and Kurn as well as to Mecca and Medina. Sunnis make pilgrimages only to the two latter cities and pray five times a day. From this it can be readily understood that the circumstances of the Turks being in possession of the shrines of Nejef (Meshed Ali), Kazimain and Kerbela is most displeasing to devout Shias.—Blackwood's Magazine.

Stay With It.

The first day mother sent me to school I went home at recess, thinking school was out. As I have grown older I find that a whole lot of people did the same thing, and the sad part of the affair is that too many of us never went back. In life be careful that you don't go home at recess. If you start to learn a trade or profession, stay by it and master it. Don't chase away at recess. If you have a business, attend to it. Don't go home at recess. This going home at recess has sent many a business man into bankruptcy. It has caused mothers' tears to flow and mother hearts to ache. It has made crusty old bachelors and sour old maids. It has filled worlds with ignorance and made barren deserts of fertile plains. Going home at recess means that you have fallen asleep at the switch and your train has plunged into the ditch. Always stay until school is out.—Osborne County (Kan.) Farmer.

The Air of London.

There is no fresh air in the heart of London, according to the conclusions of a recent investigator. He says: "No evidence of ozone was anywhere apparent except at Brownswood park, in the northeast. It was from the northeast quarter the wind was blowing, and the air had lost all trace of ozone before it had reached Hyde park. At Bushey park, although practically a country district, no ozone was present in the air. London had not only abstracted the goodness out of the air that swept over it, but had added to it the exhalations from the breath and bodies of millions of human beings and of tens of thousands of animals. Persons living within a one or two mile radius of Charing Cross cannot have fresh air entering their dwellings at any time."

Parsee Burial Customs.

A Bombay correspondent, writing of the burial customs of the Parsees, says: "The approach of that transition we call death is a signal for the relatives to leave the presence of the dying one, the priest alone remaining to whisper Zend-Avesta precepts into his ear. He in turn passes out of the room and admits a dog, who is trained to gaze steadily into the face of the dying one. A dog is accounted the only living creature that can terrorize the evil spirits, so the 'sas-did,' or 'dog stare,' is the last sight the Parsee has on earth. No human shadow must intervene; otherwise the guardian virtue of the dog's gaze is annulled."

Desperate.

Aunt Ruth—"Tis sad to grow old. Her Niece—How much would you give to be as young as I? Aunt Ruth—I would almost submit to being as foolish.

A Case For Sympathy.

"I have three children, who are the very image of myself," said Jones enthusiastically.

"I pity the youngest," returned Brown quietly.

"Why?" asked Jones.

"Because he is the one who will have to resemble you the longest," said Brown.—Tit-Bits.

ON ADVICE OF JEROME.

Grand Jury Did Not Investigate Insurance Officials.

New York, May 1.—The grand jury during the day returned a presentment to Recorder Goff in which it declared that it had failed to investigate political contributions by insurance officials because District Attorney Jerome had advised the jury not to do so. The jury stated also that it had asked Mr. Jerome for the evidence against the insurance officials and that he had opposed action because he desired first to secure an opinion from the appellate division of the state supreme court whether such political contributions constitute larceny. Such an opinion, Mr. Jerome had told the jury, would be given early in May and the cases then could be taken up by a special grand jury.

Justice Greenbaum had already decided that the contributions were larceny, but Mr. Jerome expressed his doubts whether this ruling would be sustained. Mr. Jerome said it was in order to secure such a ruling before indicting any of the insurance officials and attaching to them an indelible stain that he took the case against George W. Perkins direct to the court instead of before the grand jury in March.

Recorder Goff accepted the presentment and discharged the jury, but informed it that it had not done its full duty although it had rendered a signal service in accentuating the "un-equivocal responsibility which now rests upon the district attorney."

TELEGRAPHIC BREVITIES.

The hearing of the Dowie bankruptcy case has been postponed until May 15.

The Minneapolis relief fund for San Francisco closed Monday with a total cash on hand of \$60,230.

The factory of the Hamilton and Toronto Sewer Pipe company at Hamilton, Ont., was destroyed by fire Monday. Loss, \$50,000.

Germany has issued invitations to twenty states to take part in an international wireless telegraph conference at Berlin, June 28.

A compact between the Universities of Michigan and Pennsylvania for two years of football has been formally ratified. Pennsylvania gets the first game.

At Ogden, Utah, Monday night the police interfered in the fifth round of a go between Dick Hyland and Young Corbett, saving the latter from a knockout.

"I suffered habitually from constipation. Doan's Regulates relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

Strike to Be Declared.

Syracuse, Pa., May 1.—John Mitchell will arrive here during the day. Unless he has something unexpected "up his sleeve" it is as good as settled that the convention, which is to meet Thursday, will declare the suspension a strike. That is practically unanimously believed here by representatives of both sides.

GUARANTEED BY H. P. DUNN & CO.

Simple Way to Cure Catarrh by Hyomei Without Stomach Dosing.

It is the height of folly to dose the stomach with internal medicines to cure nasal catarrh. It cannot be cured except the catarrhal germs that are present in the nose, throat and lungs have first been killed.

The soothing air of Hyomei heals the smarting and raw membrane of the air passages in the nose, throat and lungs, kills off the catarrhal germs and rids the system of the last traces of catarrh.

The complete Hyomei outfit consists of a hard rubber inhaler which can be carried in the purse or vest pocket, a medicine dropper and a bottle of Hyomei and costs only one dollar, while extra bottles can be obtained for 50 cents.

H. P. Dunn & Co. positively guarantees a cure when Hyomei is used in accordance with the simple directions on the package, or they will refund the money. This certainly shows their faith and belief in the virtues of Hyomei.

A Case For Sympathy.

"I have three children, who are the very image of myself," said Jones enthusiastically.

"I pity the youngest," returned Brown quietly.

"Why?" asked Jones.

"Because he is the one who will have to resemble you the longest," said Brown.—Tit-Bits.

GOOD PEAT HERE

The President of the Mankato Peat Fuel Plant Says Brainerd Peat Beats the Mankato Material

Chas. Macbeth, of Mankato, who is president of the company organized there to manufacture fuel from peat was in the city a day or two ago. He examined several samples of peat shown him by Mr. Swartz and pronounces them superior to the Mankato material. At Mankato a company has been organized with \$50,000 capital and a brick building with cement floors and steel roof is being constructed under contract to be ready August first. The plant is large enough so that cars can run right into the building to be loaded and is guaranteed to produce 100 tons of fuel per day at a cost of \$1 per ton. Mr. Macbeth thought Brainerd a much more favorable place to launch such an industry than Mankato.

**ODD FELLOWS
CELEBRATE**

Monday April 30 was 87th Anniversary of the Establishment of the Order.

WAS DULY OBSERVED HERE

Unity Lodge Held Very Pleasant Social Session in Lodge Room that Night.

Eighty-seven years ago the 30th day of April the first lodge of the Independent Order of Odd Fellows was instituted. The order has continued to grow until they are otherwise, rather than odd. Yet the 30th of each April the members of the order gather in their lodge rooms to pay tribute to the founders. On Monday evening the Odd Fellows of Brainerd and their families and friends gathered at the hall to perform this pleasant duty devolving upon them by the commands of the grand lodge and the customs of the order. The following program was rendered:

Opening exercises—by the lodge. Address—Rev. J. F. McLeod. Piano duet—Misses Wolfred and Rounds.

Vocal solo—Miss Grace Hessell. Recitation—Miss Grace Hanson. Piano Solo—Miss Mabel Smythe. Clarinet solo—Mr. R. Maede. Club swinging—Fergus Fullerton. Vocal solo—Miss Alice Lyddon. Address—Rev. H. W. Knowles.

After the program was rendered refreshments were served and a very pleasant social hour was spent. Every number on the program was well received and heartily applauded and all adjourned feeling that it was good to have been there.

Feel languid, weak, run-down? Headache? Stomach "off"?—Just a plain case of lazy liver. Burdock Blood Bitter tones liver and stomach, promotes digestion, purifies the blood.

30,000,000 SPAWN

That Many Had Been Taken from Gull Lake by the Fish Commission a Few Days Ago.

In speaking of the work being done by the crew of men at Gull lake, who were engaged in gathering the pike spawn for the fish hatcheries, Deputy Game Warden Saunders stated that the experts claimed that they had taken 30,000,000 and prepared them for the state fish hatcheries where last year 95 per cent were successfully hatched and replaced in the streams of Minnesota. There are eight men engaged in the work at Gull Lake.

AN ENJOYABLE TRIP

Mrs. E. B. McCullough and Daughters to Take a Trip Down the Mississippi And up the Ohio

Mrs. E. B. McCullough starts tonight for Clinton where she and her daughters will be, with twin city people, guests of her brother, Lafayette Lamb, in a trip of unusual pleasure. They leave Clinton in a house boat and go down the Mississippi and up the Ohio, stopping at points of interest. The magnitude of the houseboat may be judged from the fact that an automobile will be taken on the boat and used in touring the cities visited. The start will be made Saturday and the trip will occupy about three weeks. Mrs. McCullough expects to be absent until about the first of June.

BRIDGE COMPLETED

L. H. Johnson at Motley Settling for The Bridge Recently Erected North Of There

L. H. Johnson, president of the Hennepin Bridge company was in the city yesterday. Mr. Johnson was on his way home from Motley where he had been settling with the county commissioners of Cass and Morrison county and the town board for the bridge recently erected over the Crow Wing north of Motley. The contract price of the bridge, which is spans of 100 feet each, is \$8,100 and Mr. Johnson states that there was not a single kick on the bridge. The company has also the contract for a combination wood and metal bridge at Sylvan at a cost of \$2,600. Mr. Johnson also built the original bridge across the Mississippi for the Brainerd & Northern at this point.

Mr. Johnson is one of Hennepin county's representatives in the state house of representatives and is a candidate for re-election.

CHANGE HANDS**

Werner Hemstead has Purchased

The Interests of Fred Hoff-
man in Brewery

NO CHANGE IN THE NAME

It will Continue to be the Brainerd Brewing Company—Mr.

Boppel Remains

Dr. Werner Hemstead has purchased the interests of Fred Hoffman in the Brainerd Brewing company and took possession this morning. Mr. Hoffman retains his property interests up town and in the outstanding accounts. Mr. Boppel retains his interests and will continue as in the past in entire charge of the manufacturing department of the business, while Dr. Hemstead will take charge of the sales and office end, doing the work formerly done by Mr. Hoffman. Mr. Hoffman will devote his time for the present to collecting outstanding accounts and looking after his other property interests in the city, but has not as yet made any definite plans for the future. The amount of the consideration is not given, but is reported on the streets to be \$20,000.

THE VELVETY FLAVOR OF THE "INVENTORS"

You'll find "Inventors" mild but not weak—not thin.

There's body to their smoke—the body that comes with carefully selected and intelligently cured Havana Leaf.

"Inventors" are delightfully smooth and aromatic.

They draw well because they're all hand made.

They smoke evenly and smoothly and get better with every puff right down to the end.

"Inventors" are the product of intelligence in every part of their making—intelligence in selection of the leaf, in blending, in curing and in rolling them by hand.

A liking for "Inventors" is a compliment to cigar judgment.

Swindler Goes to Prison.

Helena, Mont., May 1.—After posing as Ray Stannard Baker, a magazine writer, and claiming to be the mining representative of Rothschild, as well as the husband of the wealthy widow of a former president of Argentine—all of which appears to have given him unlimited credit—J. P. Walker was during the day sentenced to the state penitentiary at Boulder to ten years for larceny and forgery.

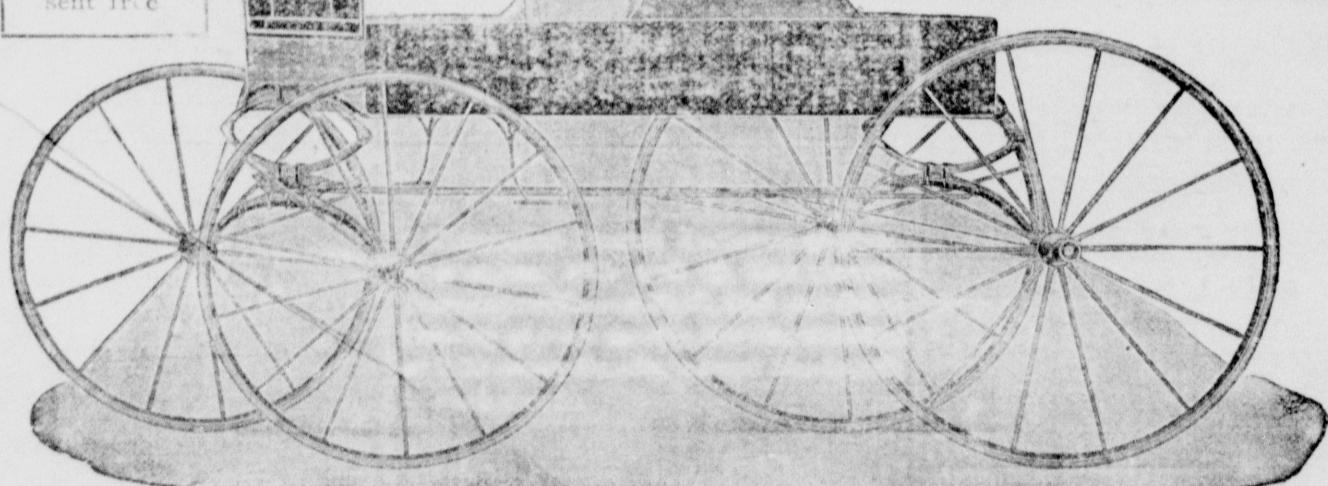

Special

Every buggy season the Columbus Buggy Company secures for its many patrons throughout the Northwest special bargains, the value of which far exceeds the prices asked. This year they are offering the beautiful run-about here shown for the special price of \$77.50, an exceedingly low one considering the materials used, workmanship and finish. It is by no means one of those cheap mail order house propositions and should not be classed with what they offer. There is as much difference as there is between a finely tailored suit and a cheap hand-me-down. It is a world beater for the price. It is the kind people turn around to look at.

WOUND TWENTY MEN

PENNSYLVANIA TROOPERS FIRE UPON AN ATTACKING MOB OF ANGRY MINERS.

THREW ROCKS AT SOLDIERS

STRIKERS STARTED THE FIGHT IN WHICH THEY WERE SO BADLY DEFEATED.

Mount Carmel, Pa., May 1.—The first serious collision in the anthracite coal region since mining was suspended April 1, occurred here during the day between mob of idle mine workers and a platoon of the new state constabulary. It resulted in the injuring of probably twenty men, three of whom will likely die. The police were attacked by several hundred foreigners, who became incensed at the presence of the constables. They threw stones and otherwise endangered lives and when the crowd had swelled to thousands the constables fired. The riot caused great excitement in many mining villages, but the territory is now comparatively quiet.

The day's affair is the result of numerous attacks upon nonunion men. The attacks became so frequent that Sheriff Sharpless of Northumberland county appealed to the state for help. Troop C, which was marching from Reading to Hazleton, was divided and half of the men, under Lieutenant Smith, were sent here, arriving during the morning.

No Meals for Troops.

When the troopers started out to get breakfast the diningroom girls refused to serve them at three hotels.

A crowd gathered and closed in upon the state police, throwing stones.

The troopers charged them and scattered them but not before several were hurt. Lieutenant Smith formed his men in line and threatened to shoot if the mob renewed the attack. Local leaders of the mine workers and the chief burgess, who is a member of the miners' union, persuaded the crowd to disperse, but as the troops marched away someone threw a stone, which was followed by a shower of others. Lieutenant Smith wheeled his men about, gave the order to fire, and it is said sent three volleys into the mob before it broke and ran.

The troopers continued to the Sayre colliery. Lieutenant Smith communicated with state police headquarters at Pottsville and was ordered to hold his ground until reinforcements arrived. Local constables arrested Lieutenant Smith on the charge of assault with intent to kill. He was held in \$500 bail, which was furnished. Three foreigners were also held on the same charge.

PREPARE FOR TROUBLE.
Authorities Place Troops in Advantages Positions in Paris.

Lens, France, May 1.—There have been repeated explosions of dynamite cartridges since midnight. The damage has not yet been reported.

Paris, May 1.—The authorities' positions of troops are complete. There are no indications of agitation in the central districts.

The authorities' preparations are of unprecedented magnitude to guard the city against violence. As a final measure of warning a large number of arrests were made, principally of organizers of the Confederation of Labor, imperialist sympathizers charged with fomenting disorder, and anarchists of various degrees of prominence.

The arrests have served their main purpose in disorganizing and discouraging the violent element, which finds itself practically without leaders for the monster demonstration planned for the day. Nevertheless, the Confederation of Labor headquarters gave out a declaration that the demonstration will proceed, each trade pursuing its own course.

The movement, however, appears to have lost heart, as its conspicuous figures are either in jail or have taken to flight. A heavy downpour of rain promises to further dampen the enthusiasm of the workmen.

Provincial reports show general quietness. At Lens the miners are gradually returning to work. There the strikers number 37,000 and the workers 15,000. During the night there was an attempt to blow up the residence of the infantry commander. Only slight damage was done.

Toulon shows some unrest. The town is without light owing to the gas workers' strike. At Brest the laborers are determined to carry out the demonstration and leading agitators threaten to meet violence with violence.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surfaces. Such ointments should never be used except prescriptions from respectable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the liver and mucous membranes of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.

Leave your orders for awnings with D. M. Clark & Co. 261tf

Twenty Passengers Injured.

Denver, May 1.—Two coaches became detached from the rear of a passenger train on the Colorado and Southern railroad near Forks Creek, twenty-eight miles west of here, ran backward down grade about a mile, left the track and rolled into a ditch. Twenty passengers were injured, but none fatally.

25 misfit carpets for sale at D. M. Clark Co. 261tf
